

My travel blog - Dubai

Hello my friends, last month I was in Dubai!

In Dubai, there is a nice skyline with a lot of skyscrapers like the “Burj Khalifa”(you can see a picture of it on the right-hand side); inside there is a big mall with lots of restaurants and shops. On the top you can see all of Dubai. Btw the burj khalifa is the biggest building in the world.

The hotel I was in is called ‘Atlantis the Palm‘

Fun fact: I was there 11 times in my life. It is very big and you can experience many things like big and unforgettable events and parties for example in the night clubs. It’s my favourite hotel. There are a lot of waterslides around 35. The food in the restaurants is very tasty and so different. At night the hotel looks so good. (Here you can see) ↗↗↗
